### EXAMINER'S AMENDMENT

1. This application is in condition for allowance except for the presence of claims 8, 15, 33, and 45 to an invention nonelected without traverse. Accordingly, claims 8, 15, 33, and 45 are being canceled. An Examiner's Amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

#### **In the Claims**

**Claims 8, 15, 33, and 45 have been cancelled.**

### REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

Independent claims 1, 21, and 38 recite a liquid crystal cell substrate, which comprises a base layer comprising an epoxy resin and dispersed therein 0.1 to 23% by weight of an inorganic oxide having an average particle diameter of 1 to 100nm.

Independent claims 16, 34, and 46 recite a liquid crystal cell substrate, which comprises a base layer comprising an epoxy resin and dispersed therein 200 parts by weight or less of a diffuser that has an average particle size of 0.2 to 100 microns and has a refractive index different from that of the epoxy resin.

The prior art fails to disclose or render obvious a liquid crystal cell substrate comprising an epoxy resin and dispersed therein 0.1 to 23% by weight of an inorganic oxide having an average particle diameter of 1 to 100nm or an epoxy resin and dispersed therein 200 parts by weight or less of a diffuser that has an average particle size of 0.2 to 100 microns and has a refractive index different from that of the epoxy resin. In this case, as pointed out by the Applicants, a liquid crystal cell substrate is a specific element of a liquid crystal display, i.e., a liquid crystal cell substrate that is used to sandwich a liquid crystal to create a liquid crystal element.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
